

Green Energy Foresight

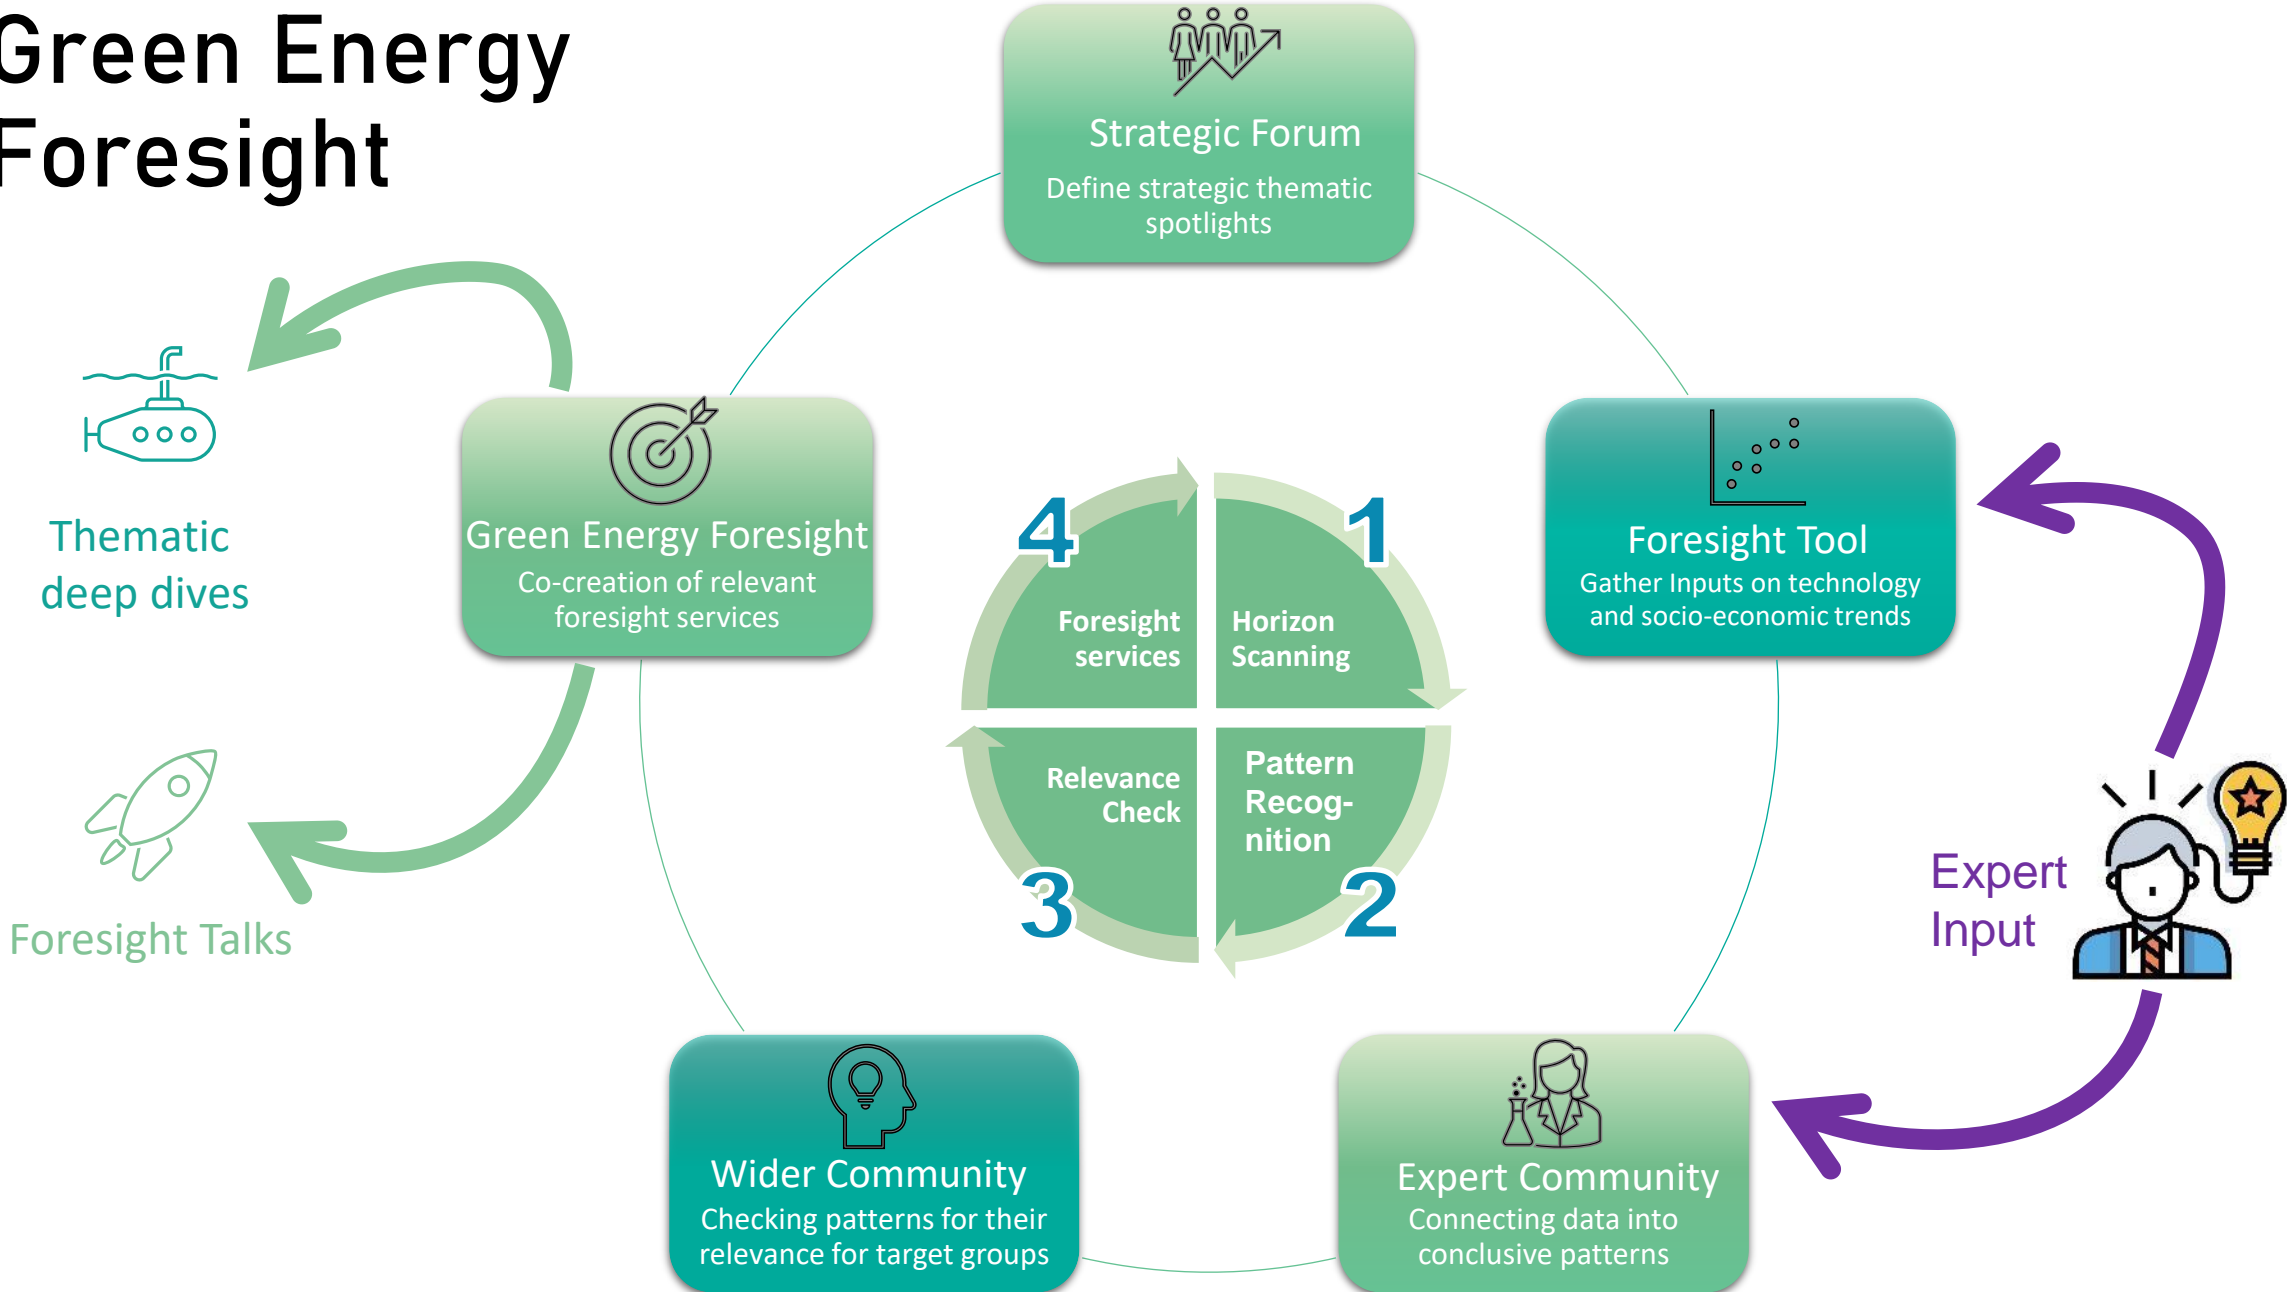

Christian Kurz
R&D Manager

We all want to know the future.

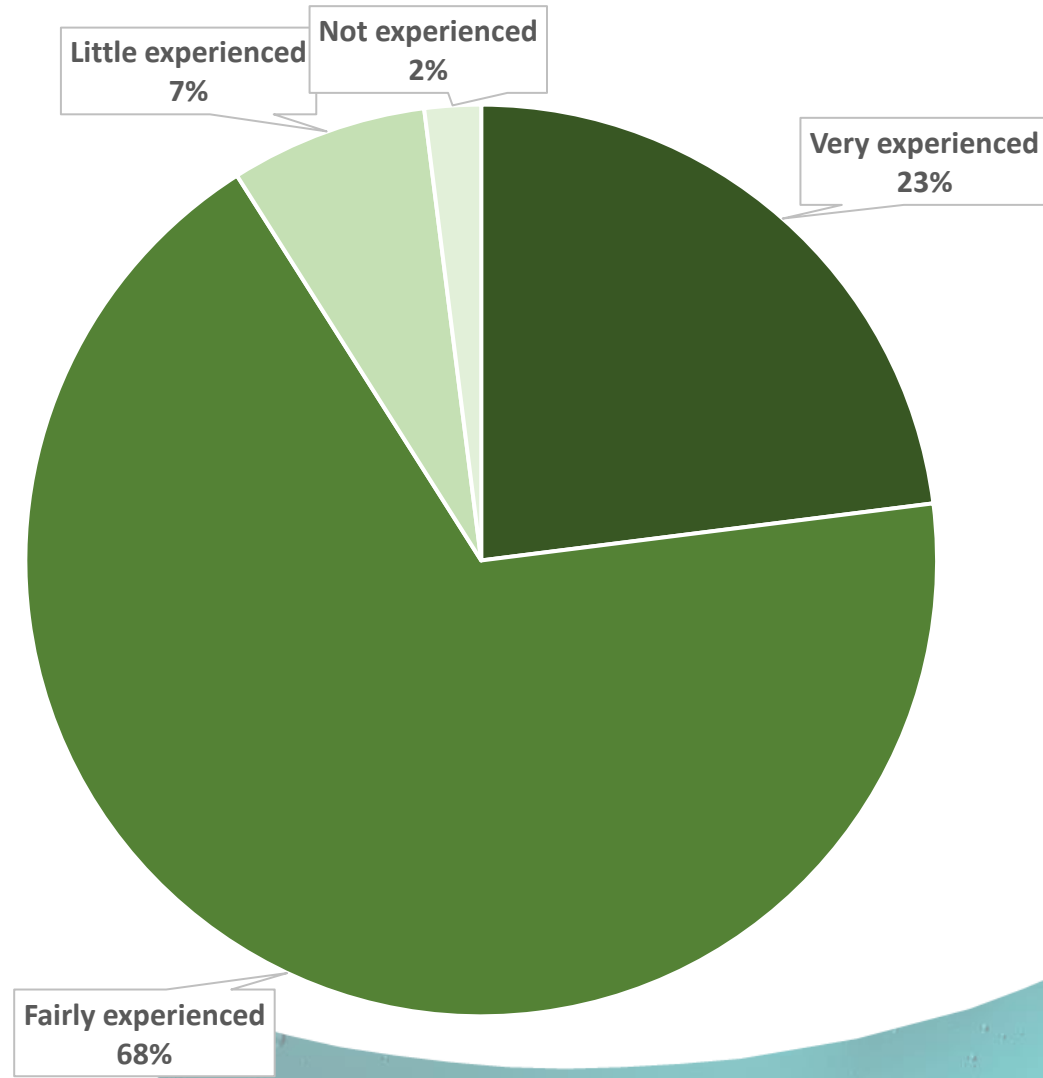

- Use internally available resources.
- Talk to others in the field.
- Include technology, market and social innovations and trends.
- Broaden the scope to a global level and multiple, diverse sources.
- Build upon a diverse network of experts and automated information sources.

Green Energy Foresight

Foresight experience in the Innovator Circle

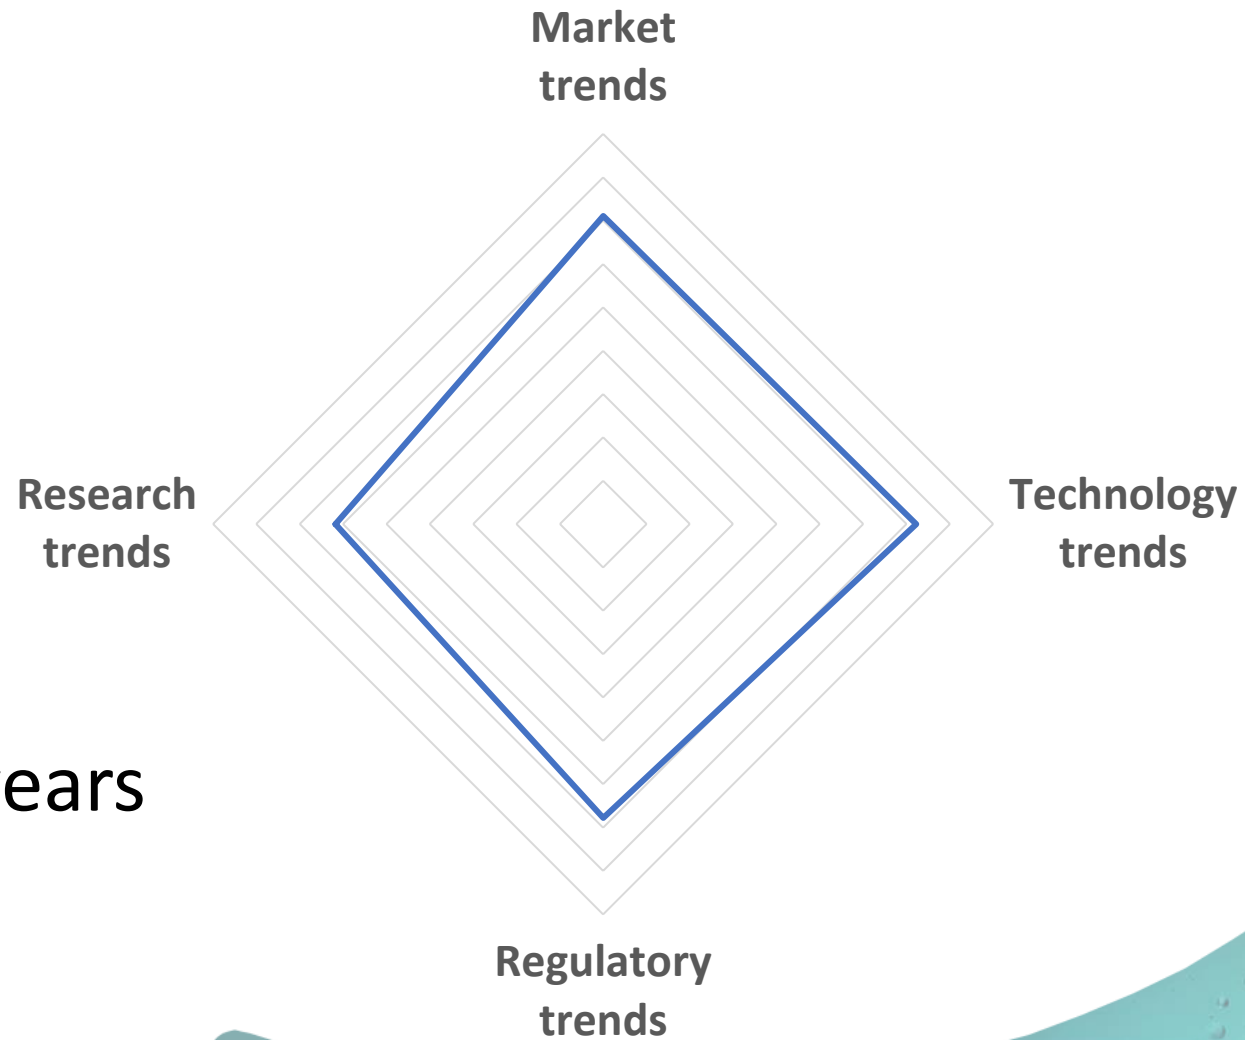

Do you foresight?

Demand for an encompassing foresight scope.

➤ Time horizon: 3-5 years

What do you want to know?
